Page 167, 6th line, because of mistranscription of an original document, the following correction is necessary: “15 inches” should be “24 inches”

Appendix C

Two entries, each including a specimen where more than one collection appears on the same label, require notes of clarification:

Page 445:

Chilopsis linearis (Cav.) Sweet subsp. **arcuata** (Fosberg) Henrickson, DESERT WILLOW. U.S.A. Arizona. Pima Co.: “*Chilopsis saligna* Don”, Sand washes near Camp Lowell, 13 May & 27 Jul 1881, *C. G. Pringle* (VT). “*Chilopsis saligna* Don”, Banks of streams [Rillito Valley], fr. 4 Aug 1884, *C. G. Pringle* (PH). Pima Co./Santa Cruz Co.: “*Chilopsis saligna* Don”, Banks of streams [Santa Rita Mts], fls. 4 Jun 1884, *C. G. Pringle* (PH). **Note: The two collections of 1884 are represented on a single label and counted as a single preparation.**

Page 534:

Vauquelinia californica (Torr.) Sarg. subsp. **californica**, ARIZONA ROSEWOOD. U.S.A. Arizona. Pima Co.: “*Vauquelinia torreyi* Watson”, Santa Catalina Mts, alt. 3000–5000 ft, 22 Jun & 31 Jul 1881, *C. G. Pringle* (VT). “*Vauquelinia torreyi* Watson”, Santa Catalina Mts, Jun 1882, *C. G. Pringle* (F). “*Vauquelinia torreyi* Watson”, Santa Catalina Mts, fls. 16 Jun 1884, *C. G. Pringle* (CM). **Note: The collection of 22 Jun 1881 included flowering specimens from the south side of the Santa Catalina Mts, while the collection of 31 July 1881 included fruiting specimens from the west side of the range; they are counted as a single preparation.**

Index Entries

Page 709: In the entry for Tijuana River National Estuarine Research Reserve, (B.C., Mex.) should read (Calif.).

Page 724: In the entries for *Juniperus communis* (through) *pachyphloea*, 402 should read 403.
